Description

We are looking for a creative and detail-oriented Product Designer to join our design team. As a Product Designer, you will be responsible for designing new products and improving existing ones, ensuring they are functional, aesthetically pleasing, and user-friendly. You will work closely with engineers, product managers, and marketing teams to create designs that meet both user needs and business objectives. The ideal candidate will have a passion for design, innovation, and problem-solving.

Responsibilities

Create product concepts, prototypes, and high-fidelity visual designs for both digital and physical products.

Work with cross-functional teams to define product goals and translate them into clear, actionable design solutions.

Develop and maintain design specifications, wireframes, user flows, and interaction models.

Conduct user research and testing to gather insights and feedback for product improvements.

Focus on user experience (UX) by ensuring designs are intuitive and easy to use.

Integrate user feedback and data to iterate on designs and improve usability.

Create personas, journey maps, and other UX artifacts to guide product design.

Work with the development team to ensure designs are implemented accurately and efficiently.

Qualifications

Education

Bachelor’s degree in Product Design, Industrial Design, Graphic Design, or a related field.

Master’s degree or certifications in design-related areas is a plus.

Experience

Proven experience as a Product Designer or in a similar design role (3+ years preferred).

Experience with both digital and physical product design is a plus.

Strong portfolio showcasing design work and the ability to articulate design decisions.

Job Benefits

Competitive salary based on experience and qualifications.

Health, dental, and vision insurance.

Paid vacation and holidays.

Retirement savings plan with company contributions.

Professional development opportunities, including training and conferences.

Flexible working hours and remote work options.

Collaborative and creative work environment.

Contacts
